# Visibility in the dark of night.

## 3M™ Diamond Grade™ Conspicuity Markings Series 983

Nighttime visibility you can count on. 3M™ Diamond Grade™ Conspicuity Markings Series 983 are bright and durable, helping drivers avoid incidents and accidents night after night.

With an easy-to-install, yet aggressive adhesive, these markings keep your trucks and trailers visible for the long-haul. The vivid colors and high reflectivity are guaranteed by a 10-year warranty. That's safety you can count on.

## Protecting drivers is what drives us.

For over 75 years, 3M products have made roadways safer. Long-standing scientific collaboration on microprismatic markings has produced traffic safety products that help you see clearly when it counts. 3M™ Diamond Grade™ Conspicuity Markings Series 983 help advance safety at all hours.

## Safety in sight.

Bright vehicle markings give drivers the information they need to make quick, accurate decisions. The high reflectivity and wide angularity of Series 983 helps to ensure superior brightness and increase safety. The vivid colors and bright whites mean trucks and trailers are visible at all hours. And Series 983 meets or exceeds all FMVSS 108 requirements and includes the DOT-C2 Certification Mark.

## Easy application.

Series 983 conspicuity markings are strong and rigid with a high performance adhesive that sticks securely to trucks, trailers, and other large vehicles. Series 983 is available in rolls, packaged pieces, or kiss-cut pieces on a roll. The easy-release liner makes installation quick and user friendly.

## Withstands the weather.

Use Series 983 worry-free. The corrosion-resistant material helps your vehicle markings resist weathering and aging. The durable markings are also protected by a 10-year, prorated warranty for long-lasting peace of mind.

## 3M™ Diamond Grade™ Conspicuity Markings Series 983
